

County Vote.

The Democrats do Excellent Work and Reduce the

Republican Majority Nearly One Hundred Votes In Old Adair.

AN UNUSUALLY QUIET ELECTION.

The Democrats of Adair county should be proud of their Tuesday's work. The Republicans were claiming the county by six hundred majority, and after Mr. Bradley's speech on Saturday many of them were satisfied that their fondest hopes would be realized. The Democrats, however, were not asleep and they worked as men never before worked. They were quiet, not boastful, and the following is the vote of the county by precincts:

Victory in Old Kentucky.

Democratic Party Carries the State.

"The sun shines bright in my old Kentucky home" for the Democratic party has scored the greatest victory it has ever known. Mr. Beckham is elected by a good safe majority, it ranging from thirty to fifteen thousand. From every section of the State comes reports of increased majorities and clearly indicates that the Democratic party is strong enough and willing to save the State in every crisis. In this fight Democratic sentiment overrides the all combined powers of money, coercion and fraud.

At this hour it seems clear that only two Republican Congressmen in this State have been elected. Taking everything into consideration the Kentucky Democrats made the best fight and scored the greatest victory in the history of the State, but we must take the bitter and the sweet.

It seems clear that McKinley has won in the National contest, and unless our party has won in the lower house of Congress McKinleyism will still dominate in National affairs unchecked and unrestrained.

At this hour the returns are not sufficient for us to give a correct report from the States but they clearly indicate McKinley's election. Bryan carries Indiana by a nice majority a Democratic Governor is elected in Illinois while McKinley carries that State by 40,000.

Maryland falls into Republican ranks by a small majority and New York leaves up 100,000.

In our next issue we will give the correct returns as it is impossible to obtain them now. The fight throughout the country has been a great one and the result is not unexpected, for it would have been miraculous for Bryan to have won when millions of money, corporate power of every form and the strong power of a great party, thoroughly entrenched were all arrayed against him. The plain people of the land, the wage earners and producers must yet suffer a little longer to fasten the incomes of corporate greed. We do not believe that the election of McKinley voices the honest sentiment of the majority of the people for the great corporate interests of the country acting with the Republican party have put up their millions to buy, intimidate and coerce the suffrage of the wage earners of the country, but it seems that the die is cast, the fight made and lost but we had rather possess Bryan's integrity, ability and defeat than McKinley's purchased power over the people of this country. Bryan is greater in defeat than McKinley robbed in power and the principles for which he has so faithfully contended will eventually triumph. Let no Democrat be discouraged for the reward is promised to the true and faithful.

E. C. O'Rear, Republican, defeated the Democratic candidate for Appellate Judge in the Seventh district.

Election Echoes.

The Taylor county Democrats did themselves proud last Tuesday. Last year the county gave a Republican majority of seventy votes; this year it comes to the front with a Democratic majority of 154.

Green county makes a Democratic gain of about one hundred votes, going from 275 to 300.

Republican! Her majority this year is 180.

Old Barren rolled up a Democratic majority of 968.

The Republicans gained about thirty votes in Russell county.

We are sorry that the National ticket was defeated, but rejoice that Kentucky affairs will be administered by a Democrat.

The proudest individual in Kentucky is a little woman who lives at Owensboro. She will become Mrs. J. C. W. Beckham on the 23rd of this month.

John D. White received a few scattering votes, perhaps fifteen in the county. The Prohibitionists also were given three or four votes.

Warren county which was claimed by the Republicans, gave a Democratic majority of nearly 500 votes, insuring the re-election of Hon. John S. Rhea to Congress.

"Civil Liberty" is a mighty good thing to have in a political family.

Cassy county is joined to her idols, and gave her usual 500 majority for the Republican ticket.

Our rooster is perfectly delighted with the election of Beckham and the reduction of the Republican vote in Adair county. Next year he will shake himself to pieces.

This election proves conclusively that the statements of National Chairman are not altogether reliable.

It is said that the next grand jury will investigate the action of several voters in Columbia.

The majority in the Eleventh district will be about 10,000. The Republicans were claiming 20,000.

Mr. Yerkes tendered his resignation as Collector in the Eighth District a little too soon.

The Louisville Post, the leading Republican paper in Kentucky, has perhaps been convinced that the "Little Boy in Blue" is a runner.

If there was a disturbance in Adair county it has not been reported.

The election machinery of Greater New York is decidedly costly. It cost the tax-payers \$622,754 to hold the election—but what a harvest it was for the followers and hangers on of the influential politician. The amounts paid for services on election day are nothing short of wholesale robbery. About one half of the amount goes to 6,088 inspectors, who receive \$42 each for their days work, costing for that one item alone, \$255,000. Poll clerks get \$12 and ballot clerks \$7.50 for the days work and so on through the various items of expense, until it foots up over half a million.

The growth of the U. S. in population during the past ten years nearly 21 per cent as shown by the official figures given out last week 70,296,220 has been entirely satisfactory.

On account of pressing business at Greensburg Mr. Rollin Hart failed to reach his appointment at Snipspur Spring last Friday night Mr. James Garnett, Jr., who was a willing substitute, went to the appointment and made what the voters in that neighborhood waited a roaring Democratic speech. The crowd was large and Mr. Garnett was in fine trim for speaking.

A Great Medicine.
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for many years. It cures me of every ailment. I cannot speak too highly of it. For a remedy always use the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by M. Craven."

Just as we go to press we learn that Mrs. White, the sister of Mr. J. V. White, of this place, died yesterday evening. She was near 70 years old and her death was due to apoplexy.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan county, N. Y., who is now 50 years old, has an only son, subject to cramp, and so had been the attack been that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the crampy symptoms appear we have found that the dreaded cramp is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by M. Craven."

Irish-American refugees to the number of several hundred, who have been in the Boer Army, are now leaving South Africa—going through Portuguese territory to ports and taking steamers to their respective homes. Their return expenses are being paid by the Transvaal Government. Each man was paid \$7.50 on being mustered out and will be paid \$42.50 more on landing at any port which may be selected by them.

To remove a troublesome corn or bunion. First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days to protect it from the shoe. Also a general salve for sprains, bruises, lacerations and general aches. Price 25 cents. For sale by M. Craven."

Death of Mr. Paschal Willis. The subject of this notice had been in declining health for several months, and his death, which occurred last Friday morning, was not a surprise to his family and friends.

He was a native of Adair County, the major portion of his life having been spent in his late residence, on Clearfork, six miles from Lexington. For many years he was an active farmer and trader, and was well known throughout his section of the State. Mr. Willis was four times married and leaves quite a number of children, all grown. He also survived by his last wife.

The deceased was about 80 years old, and was an honorable and respected citizen. He was the grandfather of Messrs. E. T. and M. O. Willis, this city.

On Tuesday, the 30th day of October, near the noon hour, Mr. L. V. Hall and Miss Lillie Powell, a deserving couple of this city, were married at the residence of the bride's mother, Mrs. Laura Powell. The rites were solemnized by Rev. E. W. Barnett in the presence of the family and a few intimate friends. Immediately after the ceremony the couple drove to Greensburg, spending a few days in that city. Mr. Hall is a young business man of Columbia, and is very much liked by the many friends he has made since becoming a resident of this place. Miss Powell was popular with all, and some time in the early future she will be the bride of the man of her choice.

It is our information that the Crockett boys, serving life sentences in the penitentiary have not been pardoned. For more than a year friends have been working to secure their release, but up to last Saturday night no pardon had been issued. It is said that the Crockett boys are dying with consumption, and some time in the early future they may possibly be sent home to die, but there is no hope of getting Jim released. The report of their release became current here by a statement made by Dr. Jim Smith, of Casey county, to Mr. J. W. Johnston, of this city. The doctor was a witness for the defense and his testimony yet lingers in the minds of those who heard the trial.

Death visited the home of Mr. and Mrs. Robert B. Logan and took from their tender embrace little Annie E., their infant daughter, age 6 months and 17 days, who gave back her spirit to its Maker Oct. 24, 1900. She was a loving bright child, bringing the greatest joy to the heart of her parents, but God who loves best and never errs had a place waiting her in His Kingdom above, before the little angel had been brought by the angels to her new home. We extend to the parents our sincere sympathy in this affliction. The funeral was held at 2 o'clock.

Selected from the papers of the late

Hallowe'en comes on, the 31st of October. It's all Saints' Day, the time of all other times when supernatural influences prevail. It is generally observed by young people in the large cities who engage in dancing and other kinds of amusement. In smaller towns the boys generally celebrate the day by removing flags, laying obstructions across sidewalks, etc. Here in Columbia, which is neither a city nor a small town, the girls meet, tell ghost stories and see all manner of visions.

On this eventful day quite a number of young ladies were entertained by Miss Pauline Cabell. There were many frightful hobnobbing tales related, and ghosts of all sizes and colors put in their appearance. It was an occasion which at times brought both merriment and happy reflections. As a late hour a delightful lunch was spread.

The following is from the Moody (Texas) Courier—"Finis Baker, of Anna, Indiana, Kentucky, arrived here this week. He is looking at the country. His brother, Asa, who arrived here ten days ago. Mr. Baker is the man the Courier referred to a month ago as having a most wonderful memory. He said when he met the editor: 'This is Squire Hubbard; I saw you twenty years ago last August, at a picnic on West Fork. You were talking to a school teacher. Perhaps you have forgotten her name but I have not.' We recalled the time and place referred to, but could never have given the exact date, and have no recollection of meeting him on that occasion. We know our memory is poor, but Mr. Baker presumes too much along that line if he thinks this editor can not remember a good looking young lady more than twenty years'.

Rev. W. F. Gordon, the new pastor of the Methodist church, this city, preached his first sermon in Columbia, for this Conference year, last Sunday. Large congregations heard him both morning and evening, pronouncing him an intelligent and entertaining young minister. At the evening services there was some disturbance in the rear part of the building which greatly annoyed many in the congregation. To the credit of Columbia the parties who engaged in misconduct do not live here. We hope the parties who persisted in laughing and talking while the services were in progress, will not repeat the conduct. We do not believe it is down right meanness. It is thoughtlessness. Be manly, be womanly.

He is an excellent provider, and his estimable wife knows how to prepare provisions.

"Uncle" Billy Waggoner, who is 88 years and six months of age, the second oldest man in Adair county, came to Columbia Tuesday and voted the Democratic ticket. He stated that he had heard that his life-long friend, Mr. James O.
